* * * * *

There are natural global catastrophic events on the horizon. Research.

“It is a faithful saying: For if we be dead with *him*, we shall also live with *him*: If we suffer, we shall also reign with *him*: if we deny *him*, he also will deny us: If we believe not, yet he abideth faithful: he cannot deny himself. Of these things put *them* in remembrance, charging them before the Lord that they strive not about words to no profit, *but* to the subverting of the hearers.”

2 TIMOTHY 2:11-14 (KJ)

End of the World? – 1. I am pretty rushed these days. I want to give this information to you in detail but time will not permit. So let me give you the “quick and dirty” of what is going on. And “what is going on” peaks or is at its height during 2012, then there is to be a time of subsistence; renewal. It is being called “planetary evolution.”

It seems that God, Elohim has put planet earth in His Crosshairs and there is no escaping. There are those who proclaim this to be the end of the world. Peter says in the Bible—we will not know the time. **“But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up.” 2 Peter 3:10** (KJ) Only the Father in Heaven knows, not even Jesus. Jesus speaking: **“But of that day and hour knoweth no man, no, not the angels of heaven, but my Father only.”**

Matthew 24:36 (KJ) And don't you go, “You will know the season.” Go, the end will come “as a thief in the night.” And that is a period after that “night.” Period. So scripturally, this cannot be the end of the world. Or is it? The fact is, this is the season for something. Here is the something.

There are global catastrophic events coming up—and we are already in the event horizon for at least one of them. Event horizon=signs are showing up which are indicative of the upcoming events. Remember, the end of the world as we know it, comes to thousands around the world (death) everyday and night. So do not worry, your time is coming. Do not worry, but plan for its eventuality. Then there is the question of the Rapture? I guess this will be a series so I can give the details to you. Hold on—give a listen. But first, let me interject this. (I really do not know where this information ultimately came from, but after spending hours of research, I found the legitimate sources for the scientific data at places like Harvard, NASA, CIA, and European Scientific sources.) I am saying that because I am going to give you a broad brush look at these events;

therefore, it must be said that the industrialized nations are capitalist and must produce fiscal activity which will generate consumption—this information could be trumped up to stimulate fiscal activity—but that is like a one in a million chance. Let's continue.

So like Y2K, Year 2000, which generated plenty of capital gain for well positioned individuals and corporations, Year 2012, End of the World (Y12EOW) (YEOW for short) could spell one of the greatest marketing moves of this century. A capitalist “hay day” – financial bonanza.

Let me tell you the three events then I will stop until the next time.

1. Maximum solar cycle activity.
2. Our solar system crosses the galactic plane (hear: equator) of our Milky Way galaxy.
3. A brown dwarf sun moving into our solar system with a complement of planets and other heavenly bodies.

Next time I will give you additional information and links to scientific papers. God bless.

LET THE END OF YOUR WORLD BE CHRIST
